### Draft Minutes

The Work Session started at 8:42

#### 1. Continue working on Bluff's General Plan, Sections 'Land Use' and 'Transportation'

It took quite a while to start because the interface between technology and Google docs had some problems. Sayers read some additions he made to the introduction. After discussion it was decided that we would start with a clean copy of the document we received from Planning & Zoning so it would be easier to read each other's comments. We made it through the first part of Land Use and agreed that it is difficult for five people to edit efficiently. It was decided that Sayers will do some editing for consistency, such as matching the intro list with the table of contents. We will look at his changes, add comments, and have a Work Session Friday, May 17<sup>th</sup> at 8:30 a.m.

#### 2. Discuss time line for submission to attorney for review and Public Hearing on General Plan

#### 3. Other
