### **1. Discussion of Bluff's Water**

The purpose of this joint work session is to discuss how to protect Bluff's water rights.

The focus is how to keep water rights from being taken by the State of Utah through the Council and BWW working together. We have a 40-year plan and 50-year water plan submitted and approved by the State. Also discussed, how the BWW can transition from being a County entity to being under the umbrella of the Town over time. The group felt this was a good time to start these discussions because the Town is engaged in strategic planning and goal setting for our next 5 to 7 years.

Adjourned at 8:35 p.m.

Linda Sosa, Recording Officer
