To Whom it May Concern:

This letter is intended to lend support to the proposed helicopter touring business of Amer and Tarrik Tumeh.

As a business owner operating in Bluff over the past 34 years, I have seen the town change in many ways. One of my biggest frustrations in recent years has been that the Town of Bluff does not adequately support businesses but is nonetheless willing to accept the benefits of our labor in the form of taxes.

Bluff's approach seems to be to say, "No" to almost any project and expect the project manager to simply fold his or her tent. It seems to me a better approach might be to look for common ground and develop a partnership that would benefit the town and the project.

The town's approach makes it difficult for businesses but makes it even more difficult for young people, such as Tarrik, attempting to establish themselves in town. This helicopter touring project could provide significant benefits to the town and the businesses located in Bluff. If the town is willing to work with Amer and Tarrik, surely a positive outcome can be developed.

As the owner of Twin Rocks Trading Post and Café, I urge the Town of Bluff to cooperate with Amer and Tarrik to ensure the success of this project and also ensure the character of the town is maintained.

Should you have any questions or comments regarding the foregoing, please feel free to contact me.

Thank you,

Steven P. Simpson
