Subject: RE: DRI ROAD Building

Thank you for your response. I think I sent out the Army Corp of Engineers response to my request about information concerning work in Ranger CYN drainage. This is all about him working in the drainage to create a road. It would be nice if the Town would address issues such as this. Best
Wes

Good Morning Mr. Shook,

Thank you for your emails. I have forwarded each of these to the council members, as well as our town attorney. Our attorney is working with Mr. Tumeh's council regarding any construction. To answer your question, no, the Town does not have any Land Use Clearance regulations regarding building roads on private property.

Kind Regards,

Erin Nelson

Town Manager

Town of Bluff, Utah

Subject: DRI ROAD Building

So it is apparent that DRI is building a road thru Ranger Cyn, then on top in the land to the west. I sent the pictures of what he has accomplished. So you do not need a LUC from the town to build a road to where?

Wes Shook
