**Subject:** Aviation Traffic Town of Bluff

Greetings Planning and Zoning Commission Town of Bluff:

As a business owner and resident of Bluff, Utah since 1986, I oppose permitting aviation traffic, specifically helicopter tours, within the boundaries of the town of Bluff.

I believe the impact of noise pollution, to both animals and humans alike, and the disruption of small town tranquility to both existing business and community values a detriment.

Thank You  
Respectfully,

Liza Doran
