**Subject:** Proposed Helicopter Plan

Dear Bluff Planning and Zoning Commissioners:

My family and I are long time visitors to Bluff. We enjoy and appreciate your friendly community. We embrace the unspoiled beauty of the country in and around Bluff. I carefully read Bluff's Vision Statement and General Plan before sending my comments.

"Zoning and ordinance decisions must be consistent with the goal of preserving and maintaining the healthy, PEACEFUL, clean and scenic environment that is valued." I further quote, "the small town of Bluff is further enhanced by low noise levels, dark skies..." You have the "findings" to vote against business involvements related to air travel.

Compliance with Federal mandates for air traffic would significantly affect preservation of dark skies. Noise levels of helicopter traffic would alter the peaceful quality of Bluff, the San Juan River corridor and surrounding country.

Please help protect your and our NATIONAL AND WORLD TREASURE by voting against ANY helicopter business in your region. Your thoughtful, current decision making will lead the way for generations to come.

Respectfully submitted with thanks for your good work and attention to my request,

Nancy Taylor  
Flagstaff, Arizona
