Subject: Aviation

We are vehemently opposed to a heliport and helicopter flights in and out of the Town of Bluff, Utah. Our objections include the following:

- Noise pollution.
- Noise pollution impacts on river tourism.
- Safety concerns.
- Increased air traffic.
- Higher emissions of greenhouse gases.
- Environmental impact.
- Wildlife habitat disruption. Physical harm to wildlife.
- Disturbance of sensitive species and ecosystems.
- What is the Good Neighbor policy regarding the Navajo Nation?
- Cultural and spiritual impact.
- Damage to archaeological sites.
- Limited economic benefits.

Thank you.

Tim and Eirene Hamilton
