Land Use Clearance Application

All fields in this form are **required**, along with all applicable documents and plans. A Land Use Clearance (and subsequent Building Permit) must be obtained before commencing any new construction, before moving a prebuilt home or structure onto a lot, or a remodel that is structural in nature. Land Use Clearance valid for one year after approval. If a building permit is not acquired within one year, a new Land Use Clearance will be required.

Land Use Clearance Applications can be submitted by mail, email (planningzoning@townofbluff.org), or in person to the Town of Bluff Administration Office. Applications must be received by Wednesday at 5pm MTN one (1) week prior to the regularly scheduled Planning and Zoning Commission meeting to be considered at that meeting.

The applicant must provide a description of all new construction, demonstrating compliance with all height, setbacks, lighting, signage, and ordinances. The applicant must show adequate utilities are available to the proposed development site.

Some projects require a full site plan. If uncertain, please contact Planning and Zoning to verify.

I, _____, certify that I am aware of zoning codes and ordinances. My project will comply with all applicable state and local codes and ordinances.
