Well at least that is a start. Not sure goggle earth goes back that far. I know that you can see some of the work I accomplished after the purchase of the house. The problem is due to folks using the alleyway as an extension to 8th West where the park to hike the trail, which BOB has advertised and not an identified as a trail. Thank You time in this issue. Wes

Hello Wes,

I'm going to investigate this further with the Roads Department to determine exactly where/what we are responsible for. I know Michael Haviken indicated that a full Bluff Roads Manifest needs to be developed, and I would think this type of issue can be addressed during that project. If there is a more straightforward answer already known, I'll be sure to follow back up with you once I hear back from them.

Kind Regards,

Erin Nelson

Town Manager

Town of Bluff, Utah

190 N 3<sup>rd</sup> E, Suite #1

PO Box 324, Bluff, UT 84512

Town: Certainly, seems we have an issue with the extension of Willow Street beyond 7th South to the west. This road was put in by Paul Dant see attached bill. The town, nor the BSA, or the county worked on this road, nor the alleyway up to Cottonwood Road. So, if no government entity is responsible for the road nor have taken responsibility for maintenance. Where does the town feel like they have ownership over the ROW on both Willow and Alley Way. I ask to straighten out who is responsible for maintenance and since it might be a government approved road, are we able to close it off to the public.

Thank You, Wes Shook / 435-672-2317
